Awajishima Island Map
Awajishima Island Map

Great Sightseeing Spots

1. Akashi-kaiyō-Ohashi Bridge
2. Uzu-no-Oka Onarutokyo Bridge Memorial Museum/
   Uzuinho/Whirlpool Science Center
3. Yuzuruha Dam Park
4. Awajishima Island Tourist Association

Awajishima Island lies beyond Kobe over the longest suspension bridge in the world, Akashi Kaikyo Bridge. Throughout the four seasons, visitors to the island can enjoy the abundant flowers and quality dining on offer. On the south side of the island are some of the world’s largest whirlpools in the Naruto Strait. The island also plays an important role in the creation myth of Japan.

Yuzuruha Dam Park

Yuzuruha Dam Park is located at the foot of Akashi-Kaikyo-Ohashi Bridge and is the starting point for Awajishima Island. It is about 1.7 km away from the nearest exit of the Akashi Kaikyo Bridge. Yuzuruha Dam Park has a park area, a restaurant, and a hotel within the park. There is also an observation deck where you can see the surrounding areas.

A kite flying festival is held on April 30, and a cherry blossom viewing event is held in May. In the autumn, there is a Bustling Harvest Festival, a Whirlpool Festival, and a Whirlpool Experience event. In winter, there are winter activities such as snow lanterns and the sunset viewing event.

Access to Awajishima Island

Access can be made via the JR Awaji Line and the JR Island Line, or by ferry from Awajishima Island. The nearest airport is Osaka International Airport, which is about 1 hour by car from the island.

Getting Around Awajishima Island

Transportation within the island is by bus or walking. Renting a bicycle is also a popular way to explore the island.
